

I understand that by agreeing to the terms and conditions of this contract I am expected to play the Online Networking Game with integrity and respect for others.

I agree to only ask for leads that I am seeking (for myself or others) and not to attempt to directly market my services or the services of others using the Online Networking Game.

I understand that I will be given the opportunity to ask 1 question(s)/week to the "group" and that my questions must be in good taste.

If any question is posed by me that the Game Master finds offensive or generally not following the integrity of the game, I understand that I will be contacted by email or telephone by Game Master to discuss this matter.

I understand and accept that it is well within the discretion of Game Master to remove me from the "group" at any time and no refund will be offered to me.

I promise to play the game and to give leads to the best of my ability.
